REMARKS

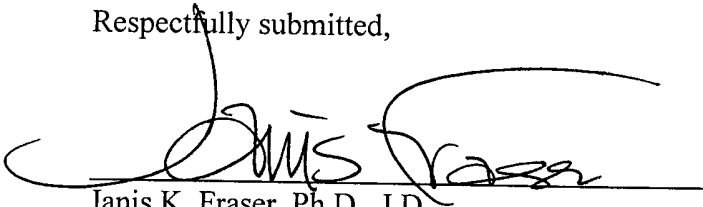

The amendments in the specification merely replace the original Sequence Listing with a substitute paper copy of the Sequence Listing, in fulfillment of the requirements under 37 CFR §1.821-1.825. The nucleic acid sequences listed as SEQ ID NOs:5 and 6 contain a nucleotide designated "n", which requires a description. Correction has been made as shown in the substitute Sequence Listing. I hereby state, as required by 37 C.F.R. §1.821(g), that the enclosed submission includes no new matter.
